About a Touch of Tea

A tea party is a perfect way to celebrate birthdays, retirements, baby and wedding showers, welcome and goodbye events or any occasion that merits the company of friends and loved ones. It is the treasury of these special memories that inspired me to create *A Touch of Tea*.

As owner and president of *A Touch of Tea*, I pride myself on being one of the premier tea party planners and caterers in the St. Louis area. Hosting a tea party creates a unique experience for friends, family, co-workers, neighbors, or anyone that you'd like to get to know better. It is a wonderful way to thank everyone who worked hard for your fundraising event or to gather all generations of your family together for an afternoon of life-long memories.

Allow me to plan and cater your tea party with delectable finger foods, fragrant teas, pretty linens, and background music to suit your needs and personal style. I offer an upscale and varied menu, prepare food in your home, and clean up after your event. You supply the guests – I'll help make it a wonderful afternoon to remember.
